

BRAINERD DAILY DISPATCH

Volume 7, No. 127

BRAINERD, MINN., THURSDAY, OCTOBER 31, 1907

Price Two Cents

Dr. Price's Wheat Flake Celery Food

Is an economical health food. As it contains all the elements necessary to satisfy the requirements of the body, it can be substituted for meats at a much less cost to the consumer. It is made from the whole grain of the wheat and its chemical composition shows it to be the best for children, the aged and most delicate.

Open Day and Night

Boarding House Dynamited.

Duluth, Oct. 31.—An unsuccessful attempt was made by unknown parties to blow up a small boarding house conducted by Nick Rich here, presumably with dynamite. Beyond splintering a few boards in the front of the house and arousing the boarders and some of the neighbors from their slumbers, no damage was done.

Minnesota Pioneer Takes Poison.

Benson, Minn., Oct. 31.—Fred Shellgren, a pioneer citizen of the east end of Swift county, committed suicide by taking carbolic acid. He was found in his room shortly before he died. No cause has been given for his deed. He was fifty years old.

NOW NEARLY NORMAL

Financial Situation Presents Few New Features.

MEET CALLS FOR MONEY

Bankers Able to Satisfy Demands of New York City and the East—Movement of Cotton Crop in the South Calls for Cash.

New York, Oct. 31.—The financial situation is now nearly normal that there are few new features of importance. It is stated by bankers that the calls for money from the neighborhood of New York and the East appear satisfactory, as such urgent calls for currency as are being received come from points west of the Mississippi. These calls are being met as fast as conditions permit.

Mr. Williams, the new state superintendent of banking, gathered most of the cash from suspended banks and deposited it with going institutions, thereby adding several million dollars to the market funds. The debit balances against banks at the clearing house are smaller than usual.

One of the points where the most serious pressure for money is expected is at New Orleans, where the movement of the cotton crop calls for cash. The pressure is always heavy at this season and promises to be even more intense this year. The New Orleans bankers appear fully alive to this situation and are endeavoring to arrange for cable transfers of money from Europe in payment for cotton through the fiscal agents of the United States in Europe.

A committee of New Orleans bankers is in Washington and hopes to secure a promise from Secretary Cortelyou to deposit substantial sums in New Orleans banks and other Southern institutions. Secretary Cortelyou appears to recognize that benefits conferred by this policy will not be limited to New Orleans and the South, but will aid in the movement for the prompt delivery of American products in Europe and the creation of a credit balance that will cover the imports of gold. Cotton bills are being closely scrutinized in New York and can not always be negotiated quite so promptly as in normal times, but where their character is unimpeachable they are recognized as forming one of the best means of covering the gold import movement. One of the most interesting developments of the situation are the large purchases of securities in small investment lots. Most of the large private banking houses have been keeping the clerical force at work overtime executing such orders and attending to the transfer of titles to the securities on the books of the corporations. This is one of the decisive marks of investment trading.

Beneficial to the Market.

It is estimated by good judges that there are 400,000 more names of stockholders on the books of the railway and industrial corporations than was the case a year ago. A single large firm reports sales between \$500,000 and \$750,000 per day. Another firm states that its wires to outlying places are crowded with small orders directing the transfer of the securities to new owners. Still another firm declares that there has not been a movement of this kind of such volume for twenty years. While it requires a good many sales in small lots to reduce the mass of undigested securities on the stock market, the effect on every such withdrawal from the quantity of speculative stocks is beneficial to the market.

This is regarded as a good augury by bond dealers whose market has been very flat for many months.

The cables from Europe are disquieting to those familiar with the situation there. The fact that the Bank of England has allowed the question of raising the discount rate to go over until the regular meeting of the governors is regarded as an indication that the demand for gold is not causing unusual anxiety there. It is generally expected that the rate will be advanced, but this will be too late to affect engagements of gold already made for the United States.

The disposition in Paris to aid the London market by loan on sterling bills is regarded as an indication that the French bank is well fortified and is willing to pursue under Governor Pallain the generous policy which has usually characterized its action in emergencies.

The absence of any failures either financial or mercantile in New York of any importance except that of Kessler & Co., a private banking firm, and the offer of call money at lower rates than formerly are other favorable symptoms of the situation.

Attorney George L. Rives has been appointed by Supreme Court Justice Lester W. Clark as receiver for the Knickerbocker Trust company in place of Otto T. Bannard, president of the New York Trust company, who declined to serve. A bond of \$500,000 was required. Mr. Rives was assist-

ant secretary of state during the first administration of President Cleveland and identified with many prominent financial organizations.

INFORMED ON SITUATION.

President Roosevelt Watching Financial Conditions.

Washington, Oct. 31.—E. W. Bloomingdale, director of the Phoenix National bank of New York and otherwise financially connected in that city,

had an audience with President Roosevelt here and is authority for the statement that the president is keeping minutely informed regarding financial conditions throughout the country, and that he feels no apprehension of serious trouble. Mr. Bloomingdale said he obtained from Secretary Cortelyou a similar expression.

Mr. Bloomingdale assigned the causes of the recent trouble to be the tremendous over-expansion and exploitation of enterprises far beyond their worth, until the situation reached the point where the books had to be balanced. The only connection the course of President Roosevelt had with the crisis was perhaps to hasten inquiry into the actual worth of the securities upon which certain credits were based. From this point of view, he said, the sooner the reckoning was taken, the less disastrous the result. If the disaster had been the result of the president's policies, Mr. Bloomingdale added, it would have affected the whole country.

In this connection also he called attention to the decline in British consols, and said the president could hardly be held responsible for this shrinkage, when logically, if American investment securities had actually become discredited, the value of British securities would naturally be enhanced.

COULD NOT PROTECT ITSELF

San Francisco Bank Compelled to Close Its Doors.

San Francisco, Oct. 31.—The California Safe Deposit and Trust company bank has closed its doors. A notice was posted on its door stating that "owing to the fact that the bank was not a member of the Clearing House association and was unable to take advantage of the clearing house certificate plan, it will remain closed for a few days."

The California Safe Deposit and Trust company was regarded as one of the strong financial institutions of the city. The bank is understood to be the financial agent of the Western Pacific railway, now being built. As soon as the notice was posted a curious crowd gathered in front of the bank building. The doors were closed, however, and no one was admitted. The closing of the bank was caused by heavy withdrawals of deposits during the past few days. The bank could not protect itself as did the members of the Clearing House association and found it impossible to secure the cash to meet the demands made upon it. It is the opinion of local bankers that the California Safe Deposit and Trust company is solvent and that the embarrassment is merely temporary.

WILL BE BROUGHT TO A CLOSE

Work on the Extensions of the Harriman System in the West.

Portland, Ore., Oct. 31.—Work on all the extensions in Oregon and Idaho of the Harriman system will be brought to a close Nov. 1, as a result of an order of General Manager J. P. O'Brien of the Harriman lines in Oregon. Mr. O'Brien issued the following statement:

"Owing to unsettled financial conditions, I have deemed it wise to withdraw forces from construction work. In addition thereto, and following the general custom at this season of the year by reason of weather conditions, department heads are reducing forces to the customary winter basis."

ROOSEVELT IS SILENT.

Declines to Discuss Change in Taft's Plans.

Washington, Oct. 31.—President Roosevelt declines to discuss the reported change in the plans of Secretary Taft and it is stated in other official quarters that nothing is known on the subject. State department officials said that Secretary Taft's visit at Berlin would be purely social and that there was no unusual situation there to cause his hastening from the Philippines. It is possible, it is pointed out, that the German emperor has changed his plans so as to be in Berlin at the time Mr. Taft originally expected to be there, but no advices to this effect have reached here.

EXTRA SESSION CALLED.

Louisiana Legislature to Consider Regulation of Corporations.

New Orleans, Oct. 31.—A proclamation calling an extra session of the legislature to consider the regulation of railroad, telephone, telegraph and express companies and to provide for the ousting of the corporations which carry suits against state laws into federal jurisdiction has been issued by Lieutenant Governor J. Y. Sanders.

Mr. Sanders acted because Governor H. C. Blanchard is absent from the

Warm woolen blankets

Think of the comfort they will give during the cold nights of the coming winter.

If you want nice warm ones at very reasonable prices see the ones we are showing—You'll like them.

We have a few pairs of white ones that are slightly soiled at a big bargain in the Bargain Basement.

Also see the line of comforters

state. The latter authorized the extra session.

Lake Steamer Burned.

Bayfield, Wis., Oct. 31.—The steamer Cormorant of the Edward Hines Lumber company's fleet caught fire and burned to the water's edge. The Cormorant, with consort Helvetia in tow, came to Bayfield. The Helvetia was dropped here and the steamer proceeded on her way to Duluth to load lumber. When off the northern end of Bass Island she caught fire and was destroyed. All on board escaped.

Victims of Peculiar Accident.

Middlesboro, Ky., Oct. 31.—Sam Whiteside and John Brooks, two boys, were victims of a peculiar accident here. A revolver dropped from Whiteside's pocket. It was discharged by the fall and the bullet first passed through Brooks' leg and then entered Whiteside's heart, killing him instantly.

Guests Narrowly Escape.

Dover, N. H., Oct. 31.—Fire badly damaged the American House, the principal hotel in Dover, and a number of guests narrowly escaped with their lives. The property loss is placed at \$20,000.

Fleeced the Bank of Spain.

Madrid, Oct. 31.—A thief obtained \$53,000 from the Bank of Spain by means of a check to which he had forged the name of *Señor Anselmo*, a former member of the chamber of deputies.

R. E. McFarlean, superintendent of bridges and buildings on the Lake Superior division, was in the city today transacting business.

Officer Winters is confined to the house with sickness, being threatened with pneumonia. His son Claud is on the force in his stead.

Fire bricks, fronts and coal grates for cook stoves at E. J. Rohne's, 719 Laurel street. 122-123

Try Sabo coffee at L. J. Cale's on Saturday. 126tf

A. V. Synder has accepted a position with the O'Brien Mercantile company, and is now to be found behind the counters of that institution.

Rev. M. L. Hostager, of Cloquet, Minn., will preach in the Norwegian Lutheran church, 7th street on Monday evening, Nov. 3, at 7:45 o'clock.

Sabo served with Wadena wafflers at L. J. Cales Saturday. 126tf

Phineas Montgomery, an old and well known resident of Brainerd, left today for Deer Lodge, Montana, to make his home with Wm. Dodd and family.

Come ladies and test our Sabo brand on Saturday. L. J. Cale. 126tf

Mrs. Irving Berger, of Duluth stopped off today for a brief visit at the home of her uncle, James Gardner, while on her way to the coast for a short visit.

P. F. O'Brien and family left Tuesday evening for the west where they will make their future home. They leave a host of friends who regret their going.

Hunt's Perfect Baking Powder is not made by a trust. Another thing you can always trust it to product perfect results. This is also true of their extracts.

We will serve Sabo on Saturday from 9 a. m. until closing time. Come and try a cup. L. J. Cale. 126tf

The young people's sewing circle of the People's church will meet tomorrow evening at the home of Judge Warner, 303 Ash avenue Northeast at eight o'clock.

The Hallowe'en bazaar to be given by the Batchelor Maids at the home of Mr. and Mrs. S. F. Parker this evening bids fair to be one of the events of the season.

JAP ROSE transparent toilet and bath soap is made from the whitest, purest and best vegetable oils—OILS THAT YOU CAN EAT. Made by KILG—sold by all druggists and grocers.

Col. Freeman Thorpe, the well known artist, came down from Hubert today and left for Oakland, California, where he expects to remain until about Christmas time doing portrait work.

Two four-year-old mares, unbroken, and one 6-year-old, well broke, weight 1,000 to 1,100 pounds, will be sold cheap. Enquire at office of J. M. Elder or at farm, town of Long Lake. 125tf

Mr. and Mrs. Charles Andrews, of Emily, returned home today after accompanying Mr. and Mrs. Anthony Andrews to this city. Mr. Andrews senior is in St. Joseph's hospital suffering from a disorder of the stomach.

Clarence Hill, night clerk at the Ransford, has resigned his position to accept a similar one in the Endeen hotel at Cass Lake. Clarence has many friends here who will regret to see him leave. No one has been secured as yet to take his place.

A Hallowe'en frolic will be given by Homestead No. 1601 on Thursday evening Oct. 31st, 1907, at Odd Fellows hall. Entertainment and dancing. Everybody invited. Tickets 25c each. 125tf

Bemidji is to hold a farmers' institute next Saturday and much interest is manifested in the matter. By the

way what has become of the Brainerd farmers' institute? Is it not about time that a move was made toward preparing for it?

Regular business meeting of the First Congregational church will take place tonight at 8 p. m. in the church parlor. Among other things the selection of a pastor will be considered. All members and friends of the church are requested to be present. C. BRUNN. 118tf

It was of importance that Admiral Dewey before the battle of Manila had the decks cleared for action; equally important is it to have the lungs cleared for action by taking Skauges' Never Cough, made, sold and guaranteed by Skauge, the Laurel street druggist. 118tf

MRS. HARTJE'S ANSWER.

Contains Scathing Arraignment of Her Husband.

Pittsburg, Oct. 30.—Embracing damaging charges and counter-charges and combining refutation with denial, the answer of Mrs. Mary Scott Hartje to her husband's petition to have the case reopened in the superior court, sitting in Philadelphia, was made public by Attorney John Freeman, the woman's counsel, in this city. The answer of Mrs. Hartje makes denial of ever writing any letters to Madine and denies that she committed perjury at the last hearing. The most sensational scathing is given to Howard Lappe, who, it is alleged, sold the Ida Scott letters to Mr. Hartje, and to Mr. Hartje for his action in securing damaging testimony against his wife. One part of the Ida Scott affidavit, which explains the position taken by her in regard to the Lappe letters, is as follows:

"The statement referring to Augustus Hartje divorce proceeding, contained in the letters written by me to the said Howard Lappe were written at the suggestion and dictation of the said Lappe, he stating that with such letters he could force my father to consent to our marriage. I am informed and believe that with this end in view the said Lappe did exhibit some of said letters to my father and sold the same to the said Hartje or his agents."

Oil Wells at Sea.

The whale is by no means the only source of marine oil. Though little known to fame, the humble menhaden yields oil and fertilizer worth \$1,000,000 a year, giving employment to 1,800 fishermen and 1,600 employees of fifty factories. The people who are so profitably engaged in slaughtering 700,000,000 of these fishes every year naturally claim that they were created providentially for the express purpose, since they are not fit for food, and yet the supply seems inexhaustible. No one knows whence they come or whither they go. All we know is that every spring vast schools of them appear in the gulf of Mexico, heading north in closely packed masses, near the surface, utterly incapable of either defense or escape. All that is needed is simply to scoop them up with big seines.—Brooklyn Eagle.

A Costly Autograph.

At a charitable sale in Paris once Baron Rothschild stopped at a stall conducted by Gyp, and the fair literateur addressed him with the usual request to buy something. "What am I to buy?" said the baron. "You have nothing at all suitable for me. But I have an idea. I should like to have your autograph. Sell me that." Taking a sheet of paper, the lady wrote upon it, "Received from Baron Rothschild the sum of 1,000 francs for the benefit of charity. Gyp." Baron Rothschild read it, thanked her and, handing her a note for the amount named, went away delighted with the lady's ingenuity.

PIONEERS PASSING AWAY

An Effort to be Made to Get Their
Reminiscences and Experiences
Gathered Together

The men and women who came into
the wilderness and prepared the path-
way for the present generation are
rapidly passing away and it is fitting
that an effort be made to get some per-
manent record of their experiences and
of the early development of central
Minnesota. With that end in view the
writer is compiling a series of sketches
which will appear in THE DISPATCH
from time to time. It is his intention
to deal more with the experiences and
reminiscences of the pioneers than with
the mere history of the county and
city. They are embodied in the records
and may be gathered at any time. But
the side lights, gathered from the lives
of those who made the wilderness to
blossom as the rose, are as yet largely
unwritten. The aid of any and of all
who were here in the first few years
of the railroad, or before that, is asked
by the writer, who is handicapped by
being only a new comer. A card
dropped to THE DISPATCH telling of the
name and location of any pioneers will
be appreciated.

In most cases consumption results
from a neglected or improperly treated
cold. Foley's Honey and Tar cures the
most obstinate coughs and prevents
serious results. It costs you no more
than the unknown preparations and
you should insist upon having the gen-
uine in the yellow package. H. P. Dunn.

Constipation causes headache, nausea
dizziness, languor, heart palpitation.
Drastic physics gripe, sicken, weaken
the bowels and don't cure. Doan's
Regulets act gently and cure constipa-
tion. 25 cents. Ask your druggist.

JEROME MECUSKER DEAD

Well Known Citizen of Little Falls
Died Wednesday Night—Former
N. P. Conductor

News was received in the city today
of the death of Jerome Mecusker at
Little Falls last night after an illness
of some time. Mr. Mecusker was well
known in this city, having been for
years a passenger conductor on the
Northern Pacific railway, resigning his
position to go into private business
some years ago. He was at one time
proprietor of the Buckman hotel in
Little Falls and was a large property
holder in that city and in Morrison
county.

SOMETHING SHOULD BE DONE

What is Causing the Increase of
Catarrh in Brainerd?

In spite of the best efforts of medi-
cal men, catarrhal troubles are increas-
ing not only in Brainerd, but all over
the country.

Catarrh is a germ disease, and to
cure it germ life in the breathing or-
gans should be destroyed, and to do
this no other treatment has such posi-
tive and beneficial action as Hyomei.

When the mucous membrane is irri-
tated and raw and the tissues weak-
ened, there is an ideal lodging place for
catarrhal germs. Breathe Hyomei and
see how quickly it soothes the mem-
branes, vitalizes the tissues and de-
stroys all the disease germs, rendering
catarrh no longer possible.

There is no dangerous stomach drug-
ing when Hyomei is used; no tablets or
liquid mixtures destroying digestion.

Breathed through the neat pocket in-
haler that comes with every Hyomei
outfit, the healing balsams penetrates
to the most remote air cells of the
throat, nose and lungs, destroying the
catarrhal germs so that quick recovery
follows.

H. P. Dunn agrees to refund the
money to any purchaser of Hyomei
who does not find that it does all that
is claimed for it. The complete outfit
costs but \$1.00.

MUSIC AND DRAMA

Coming Attractions
Soon—Alice in Wonderland.

"Bijou"

The program at the Bijou for the
balance of the week is exceptionally
fine. Victoria Falls and Zambesi River
in South Africa, "Chimaman Visits
London" and the "Cigar Box Faries"
are headliners, while the balance "Jane
is Furious" and "A Would-be Champ-
ion" keep the audience in a roar of
continual laughter.

Adelaide Thurston

It will be good news to Brainerd the-
atre goers that Adelaide Thurston is
billed to appear in Brainerd this sea-
son. She will present "The Girl From
Out Yonder," in which she made such
a hit at her last appearance.

Lost

One lady's summer cape on road be-
tween sections 10 and 11 and 14 and 15,
town of Klondike on or about Oct. 6th.
Finder please notify or return to J. E.
Mattson, Deerwood, Minn. 48t3

Henry E. Jones, of Tampa, Fla.,
writes: "I can thank God for my pres-
ent health, due to Foley's Kidney Cure.
I tried doctors and all kinds of kidney
cures, but nothing done me much good
till I took Foley's Kidney Cure. Four
bottles cured me, and I have no more
pain in my back and shoulders. I am
62 years old and suffered long, but
thanks to Foley's Kidney Cure I am
well and can walk and enjoy myself. It
is a pleasure to recommend it to those
needing a kidney remedy.—H. P. Dunn.

Notice

I have closed out my photograph busi-
ness at the corner of 6th and Laurel
streets and have accepted a position
with A. M. Opsahl, the photographer,
where I will be pleased to have my
friends and patrons call.

A. P. NELSON.

Thomas-Hanley

The marriage of Lorenzo B. Thomas,
of Cogswell, North Dakota, to Sallie
N. Hanley, of Brainerd, was solm-
nized at the residence of the bride's
mother in the Cale block last evening.
The service was read by the Rev. Chas.
Fox Davis of the Methodist church,
and was witnessed by many friends
and relatives of the contracting par-
ties. After the ceremony a wedding
supper was served. Mr. and Mrs.
Thomas will make Cogswell, N. D.,
their future home.

A Card

This is to certify that all druggists
are authorized to refund your money if
Foley's Honey and Tar fails to cure
your cough or cold. It stops the cough,
heals the lungs and prevents serious re-
sults from a cold. Cures la grippe
cough and prevents pneumonia and con-
sumption. Contains no opiates. The
genuine is in a yellow package. Re-
fuse substitutes.—H. P. Dunn.

Dreadnought Built Cheaply.

The cost of the Dreadnought was 10
per cent per ton less than any other
of the large British vessels.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn
that there is at least one real disease that
science has been able to cure in all its stages,
and that is Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical fraterni-
ty. Catarrh, being a constitutional disease, re-
quires a constitutional treatment. Hall's Catarrh
Cure is taken internally, acting directly upon the
blood and mucous surfaces of the system, thereby
destroying the foundation of the disease, and
giving the patient strength by building up the
constitution and assisting nature in doing its
work. The proprietors have so much faith in its
curative powers that they offer One Hundred
Dollars for any case that it fails to cure. Send
for list of testimonials.
Address: F. J. CHENEY & CO., Toledo, O.

H. W. Linnemann
The Clothier

An Uncivilized Cow.
On a certain southern plantation the
dairy hands were accustomed to do
the milking squatting down in a primi-
tive fashion until the owner introduced
milking stools, with other improve-
ments. But the initial experiment
with the innovation was not exactly a
success. The dorky who first sallied
forth with the stool returned bruised
and battered and with an empty pail.
"Ah done ma best, sah," he explain-
ed. "Dat stool looked all right ter
me, but de blamed cow she won't sit
on it!"—Woman's Home Companion.

HURTS SALE OF MEDICINE

Simple Harmless Prescription to
Prepare Home-Made
Kidney Cure

RELIEVES THE WORST CASES

Makes the Kidneys Act and
Overcomes Rheumatism and
Bladder Troubles

To make up enough of the "Dandeli-
on treatment," which is claimed to be
relieving nearly every sufferer who
used it for backache, kidney complaint,
sore weak bladder and rheumatism, get
from any good prescription pharmacy
one-half ounce Fluid Extract of Dandeli-
on, one ounce of Compound Kargon
and three ounces of Compound Syrup
of Sarsaparilla. Shake well in a bot-
tle and take a teaspoonful dose after
each meal and again at bedtime.

Those who have tried it claim that
it acts gently but thoroughly on the
kidneys, relieving backache and blad-
der trouble and urinary difficulties
almost instantly. Many cases of rheu-
matism are known to have been re-
lieved within a few days, the pain and
swelling diminishing with each dose.

A well-known local druggist, who is
in a position to know, asserts that this
prescription, wherever it becomes
known, always ruins the sale of the
numerous patent medicine rheumatism
cures, kidney cures, etc. It is a recipe
which the majority of patent medicine
manufacturers, and even certain physi-
cians dislike to see published. Few
cases, indeed, which will fail to fully
yield to its peculiarly soothing and
healing influence. Being composed of
common every-day ingredients, which
can be had from any druggist, it makes
up a good, honest and harmless remedy
and at nominal cost.

COSTLY FIRE IN IOWA.

Shops of the Iowa Central at Mar-
shalltown Burned.

Marshalltown, Ia., Oct. 26.—Fire
Friday night destroyed the Iowa Cen-
tral car shops, paint shops, coaches
and other cars, entailing a loss of
\$300,000. The origin of the fire is un-
known.

The flames were discovered burst-
ing through the roof of the paint shop.
The company's men made an effort to
turn on the emergency fire protection
system, but were forced back by
smoke. The fire department was in-
structed by the master mechanic to
save the engine house, with fifteen
engines in it, and this was done.

DARING PLOT FAILS.

Robbers Secure \$5,000 Cash, but Are
Unable to Get Away.

Philadelphia, Oct. 26.—One of the
boldest attempts at robbery in this
city in a long time occurred during
the day when two men tried to get
away with \$5,000 they had seized
from a bank runner in the United
States sub-treasury. Both were arrest-
ed and all the money was recovered.

FIVE REASONS WHY CALUMET BAKING POWDER

1. It complies with the Pure Food Laws of all states.
2. It is the only high-grade Powder sold at a moderate price.
3. It is not made by a Baking Powder Trust.
4. Food prepared with it is free from Rochelle Salts or Alum.
5. It is the strongest Baking Powder on the market.

\$1,000.00 given for any substance
injurious to health found in Calumet

Calumet is so carefully and scientifically
prepared that the neutralization of the
ingredients is absolutely perfect. There-
fore Calumet leaves no Rochelle Salts
or Alum in the food. It is chemically
correct.

All Grocers are Authorized to Guarantee this

Calumet Baking Powder costs little. Costs
a little more than the cheap, injurious
powders now on the market, but it is a big
saving over the trust powders.

TOWN OVERWHELMED

Landslide Destroys Karatagh,
in Russian Turkestan.

HUNDREDS OF LIVES LOST

Fifteen Hundred People Believed to
Have Met Death in Disaster—One
Thousand Are Supposed to Have
Escaped.

Tashkend, Russian Turkestan, Oct.
31.—The little town of Karatagh, in
the Hussar district of Bokhara, has
been overwhelmed by a landslide that
followed the earthquake of Oct. 21.
According to the latest reports of the
disaster a majority of the inhabitants
lost their lives.

The first reports of the casualties
were exaggerated, the death list be-
ing placed as high as 15,000.

Karatagh had about 2,500 residents
and there is reason to believe that
about 1,500 were buried alive. Among
those who survived are the governor
of Karatagh and his mother.

The town is remotely situated and
it takes a full week for news to come
from there, but according to one
courier, an enormous section of the
Karatagh mountain, which practically
hung over the town, broke loose and
thundered down upon the village.

Efforts are being made to commu-
nicate with the survivors and send
in such relief as may be required.

Karatagh is noted for its manufac-
tures of sabers, cutlery and fine silks,
and is used as a summer resort by
the people of Hussar, a somewhat
larger town and capital of the district
of Hussar.

Karatagh is located in a mountain-
ous country at an elevation of 2,500
feet near the river Surkhan, a tribu-
tary of the Amudarya.

How to get Rid of Fat

A Remarkable Discovery That
Can Reduce Fat Harmlessly
at the Rate of a Pound
a Day

A Trial Box Sent Free

A quick, harmless reducer of fat, called Rengo,
has come into popular use which far outpaces any
method or treatment heretofore used.

Rengo is perfectly harmless, pleasant to take,
and it is chewed like candy. It attacks abnor-
mal tissue with unerring accuracy, and causes a
gradual, harmless but effective reduction in
weight, and without leaving wrinkles which are
nearly always present after taking drugs and
other dangerous materials commonly called "anti-
fats."

There is nothing "just as good" as Rengo.
For sale by all druggists at \$1.00 per full sized
box, or by mail prepaid, by The Rengo Co., 3151
Rengo Bldg., Detroit, Mich. The company will
gladly send you a trial package free by mail if
you will write them direct to Detroit; no free
packages at drug stores. For sale and recom-
mended in Brainerd by H. P. Dunn, Druggist.

MUTINEERS SUBDUED

Loyal Russian Forces Win a
Battle at Vladivostok.

MANY KILLED IN CONFLICT

Crew of a Torpedo Boat Destroyer
Rebelled and Gave Fight to Their
Comrades—Mutinous Vessel Is Run
Ashore to Save Her From Sinking.

Vladivostok, Oct. 31.—A naval bat-
tle took place in this harbor between
the mutinous crew of a Russian tor-
pedo boat destroyer and their loyal
comrades. The mutineers were sub-
dued, but not before a number had
been killed or wounded. The mutinous
boat is the Skory, and she gave fight
to the gunboat Mandschur, the de-
stroyers Garsovoz, Smely and Ser-
ditz and the garrison of one of the
forts, manned by the Twelfth regi-
ment of artillery. The Skory was
beached to save her from sinking
after her guns had done considerable
damage and several of her officers and
men of the other ships had been killed
or wounded.

The crew of the Skory were incited
by agitators, including some Jews who
had managed to get on board and take
charge of the destroyer. She steamed
out into the harbor with the red flag
flying and at once opened fire on the
town and forts. A gunboat and three
destroyers went out to engage her.
With the aid of the forts they soon
had the Skory riddled and helpless.
She was then beached. Those mem-
bers of the crew who had not been
killed or injured were arrested by sol-
diers. Among the men killed are Cap-
tain Kurosch, commander of the tor-
pedo boat Ravy, and Lieutenant Stoer,
commander of the Skory. Lieutenant
Vassilief, commanding the Serditz,
was wounded. Several persons in
Vladivostok were killed by shells from
the Skory. The town has been de-
clared in a state of siege.

PROPAGANDA RESUMED.

Revolutionists Stirring Up Trouble in
Russian Forces.

St. Petersburg, Oct. 31.—The two
abortive mutinies at Vladivostok, one
in the army and the other in the navy,
have again drawn attention to the
conditions existing in the two branches
of the service. The revolutionists
have resumed their active propaganda
among the soldiers and sailors of
Russia and they have been aided by
the efforts which are being made to
restore discipline, which became slack
during the revolts of 1906.

The efforts of the officers in both
branches to this end have been at-
tended with considerable success, but
the tightening of the reins of control
aroused a certain amount of discon-
tent among the more lawless spirits,
notably in the technical contingents
of the army and fleet, where the dis-
affection all along has been the
strongest.

No further details of the bombard-
ment of Vladivostok and the battle of
destroyers in the harbor have reached
St. Petersburg and the admiralty has
no information other than that con-
tained in the dispatch to the Russian
agency. At the time of the mutiny
the torpedo boat destroyer squadron
had just returned to Vladivostok from
a long cruise.

Naval officers stationed here say
they were not aware of any serious
discontent among the sailors. The
revolutionists of St. Petersburg also
are surprised at the sudden develop-
ments at Vladivostok.

They knew their propaganda was
being pushed on the Pacific, but they
say that any attempt at a general ris-
ing is premature and does not enter
into their present plans.

The United States embassy here has
received a dispatch from the Ameri-
can consul at Vladivostok stating that
an American was wounded in the re-
cent riots in which Russian sailors
and civilians participated.

EATEN BY CANNIBALS.

Almost Certain Fate of Forty Ship-
wrecked Americans.

New York, Oct. 31.—Eaten by can-
nibals was probably the fate of the
crew of forty sailors that took the big
sailing ship Arthur Sewell out of Phil-
adelphia April 3 on the start of her
long voyage to carry coal to the Phil-
ippines.

Word has just been received at the
Maritime Exchange that the vessel
was wrecked near Tierra del Fuego
and all signs point to the survivors
having been captured by the cannibals
that infest the island in that vicinity.
The news of the wreck and the al-
most certain fate of the crew came
from the sealing steamer Fridthjof.

Sentenced to Be Hanged.

Chicago, Oct. 31.—Richard Walton,
the negro who recently murdered Mrs.
Grant White by strangling her, and
who, after a pursuit of several weeks
was arrested in Springfield, Ill., has
been sentenced to be hanged on Dec.
13. Walton asked the judge to set
the date earlier, but the latter in-
formed Walton that Dec. 13 was the
earliest date possible under the law.

Woman in Critical Condition.

St. Paul, Oct. 31.—Mrs. A. A. Lin-
coln, sixty-three years of age, is in a
critical condition from hemorrhage of
the lungs resulting from a fire in her
home. She was rescued unconscious
from the burning building by Lieuten-
ant Minogue of the fire department.

STANDARD STEEL RAIL.

Efforts of Interested Parties to Find
One Bear Fruit.

New York, Oct. 31.—The efforts of
steel manufacturers and railroads to
find a standard steel rail that will
bear the weight and strain imposed by
modern locomotives are bearing fruit.
The American Railway association
has been trying to determine whether
a more satisfactory rail could be made
and in this the steel manufacturers
have co-operated. The committee that
has had the matter in hand reported
progress at the semi-annual conven-
tion of the association here. The com-
mittee agreed on the advisability of
an improvement in rail sections which
would afford a definite distribution
of metal between the head and base
of the rail and develop a homogenous
condition by cooling simultaneously.
This was approved by the association,
as also was the technical suggestions
regarding the rolling of rails.

The association instructed the com-
mittee to continue its inquiry on dis-
puted features of railmaking. G. L.
Peck of the Pennsylvania railway,
chairman of the committee, stated
that it had conferred with the Ameri-
can Society of Civil Engineers and
had inspected the principal railmak-
ing plants of the country. While sat-
isfied that a rail answering all pur-
poses would be found, he said that on
the question of discard from the in-
got the committee had discovered a
wide difference of opinion. The com-
mittee was unable to reach an agree-
ment on the chemical composition of
the steel rails, opinions varying widely
on the amounts of phosphorus that
should be used. Nevertheless, the
chairman added, the railmakers and
the committee were fast reaching a
common ground and all differences of
opinion were met in a fair spirit, cal-
culated to bring about an ultimate
agreement.

FIGHT OUT IN THE OPEN.

Students Follow Suggestion of Col-
lege President.

Raleigh, N. C., Oct. 31.—A recent
case of hazing at the State Agricul-
tural and Mechanical college caused
President Winston of that college to
reprove the student body and in his
remarks he advised a man to man
fight in the open. As a result the
freshman class sent a challenge to the
sophomores, and there was a mass
fight with about seventy-five on each
side. The scrapping match passed
off without serious injury to any of
the participants.

Afterwards the sophomores invited
the freshmen to battle, when a fiercer
struggle ensued, and there were many
injured on both sides. There were
sixty-five men on a side and the noses
of four cadets were broken, a number
of eyes were blackened and many
faces scratched. It is understood that
another fight will take place.

The opposing sides line up, rush
at each other and fight at will, but
rough and tumble tactics are barred.
Professor Winston and Lieutenant
Young, U. S. A., the commandant, be-
lieve this will do away with hazing.
Many friends of the college condemn
it.

TO OPEN NEW COAL FIELDS

Pittsburg-Buffalo Company Starts
Work on Large Mines.

Pittsburg, Oct. 31.—An investment
of over \$2,000,000 is involved in plans
announced for the development of new
coal fields near Zollarsville, Washing-
ton county, by the Pittsburg-Buffalo
Coal company. This company has se-
cured 14,000 acres of coal lands and
has started work on what is said will
be the two largest shaft mines in the
world. The company will also build
a new mining town, to be known as
Marlana, to accommodate a working
force of 5,000.

Contracts have been made by the
Pittsburg-Buffalo company with the
M. A. Hanna company of Cleveland
and the James W. Ellsworth company
of Chicago for the handling of 1,000-
000 tons of coal in the Northwest next
year. Two hundred men are now en-
gaged in opening up the new mines.

Mob Dynamites Boarding House.

El Paso, Tex., Oct. 31.—A mob dy-
namited a boarding house run by ne-
groes at Sweetwater and severely
wounded a roomer. All negroes are
rapidly leaving the locality.

FOUR MEN KILLED.

Fragments of Their Bodies Fell in a
Shower Upon a Town.

Cannonsburg, Pa., Oct. 31.—Frag-
ments of human bodies peppered with
particles of rock and earth fell in a
shower over the little town of Gwend-
olen, on the Wabash railroad, nine
miles north of here, when 500 pounds
of dynamite exploded. Four men were
torn to pieces and six others received
injuries. The dead are: Nichols
Breedon, Tilton Thornton, Stephen
Olshavsky and Andrew Michaelvich.

The six injured men, stunned and
bleeding, ran aimlessly from the scene
and have not been located.

Little is known of the exact cause
of the explosion, but a passerby just
before the accident says a small fire
had been lighted, presumably to warm
the dynamite.

Women Who Wear Well.

It is astonishing how great a change a
few years of married life often make in
the appearance and disposition of many
women. The freshness, the charm, the
brilliance vanish like the bloom from a
peach which is rudely handled. The
matron is only a dim shadow, a faint echo
of the charming maiden. There are two
reasons for this change, ignorance and
neglect. Few young women appreciate
the shock to the system through the
change which comes with marriage and
motherhood. Many neglect to deal with
the unpleasant pelvic drains and weak-
nesses which too often come with mar-
riage and motherhood, not understanding
that this secret drain is robbing the cheek
of its freshness and the form of its
fairness.

As surely as the general health suffers
when there is derangement of the health
of the delicate womanly organs, so surely
when these organs are established in
health the face and form at once witness
to the fact in renewed comeliness. Nearly
a million women have found health and
happiness in the use of Dr. Pierce's
Favorite Prescription. It makes weak wom-
en strong and sick women well. Ingre-
dients on label—contains no alcohol or
harmful habit-forming drugs. Made
wholly of those native, American, medi-
cinal roots most highly recommended by
leading medical authorities of all the sev-
eral schools of practice for the cure of
woman's peculiar ailments.

For nursing mothers, or for those broken-
down in health by too frequent bearing of
children, also for the expectant mothers,
to prepare the system for the coming of
baby and making its advent easy and
almost painless, there is no medicine quite
so good as "Favorite Prescription." It
can do no harm in any condition of the
system. It is a most potent invigorating
tonic and strengthening nervine, nicely
adapted to woman's delicate system by
a physician of large experience in the treat-
ment of woman's peculiar ailments.

Unable to Finish His Run.

Toronto, Oct. 31.—Tom Longbow,
the Indian runner, did not finish his
run of forty-three and a half miles,
from Hamilton to Toronto. After he
left Hamilton he made good progress
until he reached Oakville, twenty
miles from here. He then began to
show signs of distress and finally
collapsed at Humber, four miles from
his destination.

VESSEL IS BADLY DAMAGED

Red Star Liner Finland Hits the
Breakwater at Dover, England.

Dover, England, Oct. 29.—The Red
Star line steamer Finland, from New
York Oct. 19 for Dover and Antwerp,
struck the western end of the south-
ern breakwater while entering this

Threaten to Impeach Mayor.
Minneapolis, Oct. 30.—Mayor
Haynes is to be visited by the Minne-
apolis ministers in their efforts to
have the saloons closed at 11 o'clock.
The ministers at first intended to
carry the matter directly to the coun-
ty attorney and demand enforcement
of the state laws, but they have de-
cided to give the mayor a chance to
observe the law and if he does not
do so they threaten to impeach him.

Streak of Bad Luck.
Winona, Minn., Oct. 30.—If there
is any man in Minnesota who
has had a harder run of luck for three
weeks than M. A. Nelson, an inspector
of the Winona Telephone company, he
is not known. About three weeks ago
Mr. Nelson was kicked by a horse and
is still confined to his home. Just as
he was beginning to recover, his twin
daughters, four years of age, were tak-
en seriously ill. The climax has come
in an attack of appendicitis that
caused his wife to be taken to the
hospital for an operation.

High School Pupils Strike.
Pewaukee, Wis., Oct. 30.—Angered
over the summary discharge of Miss
Helen E. M. Roberts of Chicago, the
popular assistant principal, fifty stu-
dents of the Pewaukee high school
went on strike, leaving the school in
a body. They refuse to return unless
the teacher is reinstated. A special
meeting of the school board will be
held to reconsider the matter, and
unless the teacher is reinstated the
school directors may be asked to re-
sign.

PISO'S CURE

Consumptive Coughs

are the forerunners of dread
consumption, yet they can be
broken up and entirely cured
if properly treated. It is
only by removing the cause
of the disorder that an abso-
lute cure can be effected.
Piso's Cure goes to the root
of the trouble and restores
the lungs to a normal con-
dition. It is a safe and effec-
tive remedy.
